About the Club

HISTORY

City of York Hockey Club was founded in 1997/98 as a result of the merger of the two largest clubs in the City of York, York Hockey Club and York Trojans Hockey Club, whose origins can be traced back to the 1890s and 1920s respectively. By combining the established structure and material resources of the York club with the youth development policy and coaching skills of York Trojans, together with the high standard and playing skills of their top players, the City of York Hockey Club was formed.

With many young girls being part of the youth development policy, the next step was to invite York Ladies Hockey Club to become incorporated in the structure and this took place three years later.

In 2007, the Club pursued another merger, that with York St John University Hockey Club. This provided the students with an opportunity to play at a level suitable to the individual and enabled the Club to enjoy an influx of vibrant and lively young people.

Now, each weekend, City of York Hockey Club puts out five ladies' teams, 10 men's teams (plus another two indoor men's teams) and two mixed teams, all playing a combination of league, cup and friendly matches. In addition, there are over 24 youth teams who take part in county, district and regional league competitions. During the week, coaching and training sessions take place for senior players and as many as 280 youngsters. Home activities are played on a number of synthetic astro-turf pitches in close proximity to the Elmpark Way Clubhouse.

ENGLAND HOCKEY'S "CLUBSFIRST ACCREDITATION" AND "CLUB-SCHOOL LINKS"

City of York Hockey Club became the first club in North Yorkshire, the fourth in Yorkshire and only the tenth in the North of England when, on 17th March 2006, it received England Hockey's ClubsFirst Award (Sport England's "Clubmark" Scheme). This represents a significant milestone for the City of York HC and recognises the Club's commitment to providing a safe, effective and child friendly hockey environment. Furthermore, it is recognition of the Club's management, organisation and policy of promoting and developing hockey in the area.

Following this achievement, the Club's youth section gained England Hockey's formal Club-School Link status late in 2006, one of the first in England to do so. The Club has formal links with School Sports Partnerships; **Jorvik SSP**, which comprises six Secondary Schools and 33 Primary Schools as part of their clusters and **Ebor SSP**, which comprises four Secondary Schools and 28 Primary Schools as part of their clusters. In addition, the Club has strong hockey links with the City's Private Schools and their Pre-Schools, and provides hockey coaching resources for these schools.

The Club's ClubsFirst accredited status was successfully renewed in May 2009.

NATIONAL AND INTERNATIONAL RECOGNITION

City of York Hockey Club was shortlisted for England Hockey's "Club of the Year" in 2009. Whilst the Club was pipped to this award, they went on, in the same year, to be awarded with the European Hockey Federation's Merit Award 2008, which was presented to Club Chairman Nigel Herd at a ceremony in the Netherlands as part of the EuroHockey Nations Championships 2009.

One of the key additional contributors to the Club's success in being recognised for the award has been the running of the Pete Feasby Memorial Tournament, where over 30 primary schools in the York area come together to participate in a hockey festival.

HOCKEY DEVELOPMENT PLAN

The Club's Hockey Development Plan covers; Playing & Participation, Performance, Coaching, Umpiring and Leadership for young people...

- Coaching courses are normally organised and run by England Hockey, our National Governing Body. For suitable and interested members, some financial support may be offered where appropriate.
- Umpiring courses are normally organised and run by the North Yorkshire Hockey Development Group. The Club supports candidates financially on this course in return for the individual umpiring matches for the Club.
- Leadership courses are run by the Club during the summer in order to create new young hockey leaders who assist in the delivery of hockey to our younger players.

More courses are being planned for the new season so please let us know if you are interested (see Key Contacts on page 5).

Alternatively, links directly to the relevant locations in these websites can be found via the Club's own website (see page 8).

Selection:

Selection of players in each section will be carried out under the auspices of a Selection Committee, which will comprise; Chair of Selection, Team Coach/Manager and Team Captains. The Selection Committee may also consult with the Fixture Secretary, Youth Co-ordinator, Membership Secretary, Disciplinary Officer, Chair of Senior Hockey and any other person/body as required.

City of York Hockey Club operates a squad structure that includes the provision for players to seek; personal development opportunities and opportunities to test their performance in competition, social/recreational hockey and the opportunity to work with young people. Regular meetings will be organised by the Chairs of Selection of the various sections independently to review these squads.

Selections must be made in accordance with the Club's Selection Policy and the various League Rules. This policy is available on request.

To be eligible for selection, all players must be appropriate members of the City of York Hockey Club.

Team selections will be communicated via a variety of means. They may appear each Wednesday in the local newspaper, "The Press", posted on the Club's website in the Teams forum or they may be emailed to individuals. In order to take advantage of this facility, individuals are required to register with the City of York HC FixturesLive Database via the Club's website (see front page of the website).

Disciplinary Code

City of York HC (the Club) has operated internal disciplinary procedures for many years, which are both rigorous and effective. However, this document has been produced by the Club to serve as a reminder to its members, and to inform new members, of the existence of such procedures. The Club recognises the ever increasing pressures placed on all concerned in hockey through the ever more competitive nature of the game, and is committed to maintaining the good disciplinary record it has achieved.

A meeting of the Club's Disciplinary Committee shall be called immediately to **hear cases of members who receive a red card or three yellow cards in a season.** This committee is comprised of three people from the Club President, Club Chairman, Club Secretary, Chair of Senior Hockey, Club Disciplinary Officer, Chair of the Ladies, Mens or Mixed sections (as appropriate) and the captain/coach of the team concerned (or any other member of the Club's Executive or Senior Hockey Committees if any of the aforementioned are the subject of the hearing). The Disciplinary Committee may also sit to hear **additional, specific, singular cases of ill-discipline or poor behaviour as the committee deems appropriate.**

Any cards that are awarded are monitored centrally each week by the Club's Disciplinary Officer and the information recorded includes player's name, match/team, type of card and nature of the offence. Such monitoring also enables the Club to forewarn a captain/coach when a player has achieved two yellow cards (particularly should they be for the same offence) that a hearing will be convened if the player's poor behavior isn't curtailed immediately.

Members called before the Disciplinary Committee will be advised in writing/email

prior to the meeting of the matters or allegations concerned. A member shall be allowed to bring another member to speak on their behalf or to present any facts relevant to the matter. The Disciplinary Committee may also call upon any witnesses to attend the hearing. All discussions held, and decisions taken by the Disciplinary Committee, shall be minuted.

Penalties, other than any red cards which fall under the jurisdiction of England Hockey, are not meted out automatically but are issued at the discretion of the Disciplinary Committee. **Such penalties may include; verbal or written warnings, suspension from playing and/or membership (period to be decided by the Disciplinary Committee), financial penalties or, in very serious cases, expulsion.**

The decisions of the Disciplinary Committee will be final, subject to the right of appeal laid out in England Hockey's various codes of conduct.

Members are reminded that the highest standards of conduct and behaviour are expected at all times, on and off the pitch. **In particular, any cases of bringing the Club into disrepute or any instance of abuse, verbal or otherwise, towards umpires/officials, opposition team members and management or supporters, from any player, coach or spectator, will not be tolerated.** Any member whose behaviour is felt to fall outside such standards may be called before the Disciplinary Committee.

The Club has also adopted the various specific codes of conduct for players, coaches, officials and parents contained in England Hockey's Code of Ethics and Behaviour 2008, members' attention to which is drawn via the Club's website.

Safeguarding and Protecting Children

England Hockey is the national governing body for the sport of hockey in England, with over 1050 affiliated clubs. As part of its commitment to ensuring that young people are able to enjoy the sport of hockey, England Hockey has developed a Policy on Safeguarding and Protecting Young People in Hockey. It is called "Proud to Protect" and was written in response to a set of NSPCC guidelines.

The policy consists of five guidance documents for;

- Clubs and Associations,
- Coaches and Leaders,
- Parents,
- Umpires and Technical Officials
- Volunteers

In short, anyone in charge of young people, **including those who play in our open adult weekend teams**, are in a 'Position of Trust' and are consequently required to have appropriate CRB clearance and have attended a Safeguarding & Protecting Children Course. Any coaches are also required to have a current First Aid Certificate.

A young person is anyone under the age of 18.

Position of Trust

All adults who work with young people in hockey are in a position of trust which has been invested in them by parents, the sport, and the young person. This relationship can be described as one in which the adult is in a position of power and influence by virtue of the position.

England Hockey views all those within hockey as part of the Hockey Family. This includes all clubs, associations, other organisations and individuals with any involvement at any level. England Hockey believes that all members of the Hockey Family have responsibilities to help protect young people and England Hockey has developed this Safeguarding and Protecting Young People policy to help ensure that this happens.

Safeguarding means promoting the safety and welfare of young people. Safeguarding is a term used to incorporate good practice and is wider than "Child Protection". Child protection is still an essential element of this policy and is about acting on concerns about a young person or individual. See EHB website via link below...
